Ariane Watsons

VIEW SOURCE

“It's complicated. I'll explain later.”

— Ariane Watsons

Description

Ariane Watsons, often referred to as **A. Watsons** or simply **Ariane**, is a wanderer. Born on **Level -999**, she **lived a relatively simple life** until getting into a mountain climbing accident, which resulted in a **days-long journey** to get home. Her **diary** notably provides insight into the life of the inhabitants of Level -999. She is also a contributor to the **M.E.G.** database. Ariane is relatively tall, with a height of 175 cm. She is described as having brown eyes and wavy, brown hair. As an explorer, she often wears a gray tank top or other sorts of casual wear.

Personality

Ariane is very simple due to her largely uneventful life on Level -999. She is understandably nervous when she comes in contact with new levels and entities, but not to the point that it impacts her chances of survival. She has no problem conversing with strangers, as shown many times throughout her journey. While she may not be a genius in any way, she was notably able to figure out how to use the touch-screen elevator at **An Endless Ending** without any prior experience with electronics. Interestingly, she is a fast learner when it comes to technology, despite having no experience with it.
